

CBD Products

Cannabidiol (CBD)/ Analysis Tetrahydrocannabinol (THC)

Product Details

Product Type: Tincture

Brand: Dr Ed

Flavour: Focus

Strength: 500mg

Device: N/A

Batch Tested: RM91029031/F

Client Name: Dr Ed

Client Name: Dr Ed
 Flavour: Focus
 Batch: RM91029031/F

Brand: Dr Ed
 Strength: 500mg

Certificate of Analysis

CBD/THC Content Analysis Report

CBD content analysis is conducted through using a pre-defined GC-MS method where the sample is ran against a set of standard of known concentration. Using validated software, a calibration curve is created which allows a calculation of the final CBD concentration.

THC analysis is carried out using a standard concentration of THC from an approved third-party supplier which is then used to compare the test sample to determine the level of THC present. Using the GC-MS, the THC content is analysed and calculated.

COMPOUND	CAS NO	LABELLED CONCENTRATION (MG/ML)	CALCULATED CONCENTRATION (MG/ML)
CANNABIDIOL	13956-29-1	50	54.23
TETRAHYDROCANNABINOL	1972-08-3	0	0

Approved By: Lizi Jenkins Approved Date: 18/09/19
